TWENTY YEARS SUPPORTING INDUSTRY

NEPIC INDUSTRY AWARDS

ABOUT THE AWARDS

The NEPIC Annual Awards celebrates the outstanding achievements of the companies and individuals who make up the processing industries in the North East of England.

During a glittering award ceremony held at Hardwick Hall in March 2026 and witnessed by industry leaders - winners and guests alike enjoy an evening of celebrations and networking.

About our Award Categories

Apprentice Awards

NEPIC seek to promote the industry as a career choice for those leaving school, and the apprenticeship route as a training option.

Young Achiever Awards

NEPIC seeks not only to promote the industry as a career choice for those leaving school and university, but also to recognise the young people already working within it.

Environmental Award for North East Primary Schools

The objective of this Award is to encourage & educate primary school children on environmental awareness & actions. The winning school will receive a £2,000 prize fund to help implement their submitted project.

Apprenticeship Employer of the Year Award

This category celebrates employers who can showcase a strong commitment to employing, nurturing and supporting apprentices.

Small Business of the Year Award

The SME of the Year Award is presented to the small-medium sized company that best demonstrates a successful approach to developing their sales to the process sector.

Communities & Reputation Award

The Communities & Reputation Award will be given to the company that can clearly demonstrate an outstanding communities and reputation campaign across any aspect of social responsibility.

Innovation Award

The Innovation Award honors the NEPIC member company that has pursued game-changing ideas – across product, process and service.

Equality, Diversity & Inclusion Award

This award aims to recognise those companies going above and beyond to create, foster and promote an inclusive working environment and champion equal opportunities.

Industry Project of the Year Award

The Industry Project of the Year award celebrates industrial projects from sectors such as engineering and manufacturing.

Net Zero Award

The Net Zero Award recognises and rewards the best industrial decarbonisation initiatives from companies working towards Net Zero.

Outstanding Contribution Award

This award is aimed at finding and recognising an individual at any level in industry who has made a significant contribution to the North East Process Sector, and has been an inspiration to others.

TWENTY YEARS SUPPORTING INDUSTRY

NEPIC TECHNICAL CONFERENCES & EXPOS

ABOUT OUR EVENTS

Each year NEPIC runs an number of technical conferences with available exhibition opportunities and networking.

Sponsorship can raise your company profile and promote your products and services to our membership base and wider process industry and supply chain community.

Find out more below...

Our Events & Opportunities

Clean Growth Conference

NEPIC's annual Clean Growth Conference allows industry and stakeholders in the North East and further afield to commune and discuss their decarbonisation challenges and opportunities.

The shift to Net Zero is a huge challenge for all industries, fortunately it also provides opportunity for the advancement of businesses and economies through the creation of jobs, new supply chains, and regional investment.

This is an engaging and informative event whether you are a SME looking to understand how Net Zero can grow your business, or a manufacturer looking for industrial decarbonisation case studies and opportunities for future innovation.

Digitalisation & Cyber Security

Digitalisation presents the manufacturing sector with a huge opportunity to streamline processes, improve efficiency and save money.

The energy crisis, skill shortage and net zero targets are placing added stress upon the industry, and the adoption of innovative, digital, technologies can help companies to tackle these issues.

This event explores digital solutions can accelerate growth and create business opportunities within the chemical, process and pharmaceutical sectors. Hear from world-leading manufacturers and innovative solution providers, and learn how the North East is embracing digitalisation and protecting itself from cyber-attack.

Asset Management Event

Our Best Practice in Industrial Asset Management conference demonstrates transferable lessons from across the manufacturing spectrum.

This event brings together industrialists, sector specialists and technology experts to explore the critical role of asset management in driving energy savings, productivity, and efficiency.

Our conference is your opportunity to network with industry peers, gain actionable insights, and stay up to date with the cutting edge of asset management.

Join us and learn how the North East process sector can become more sustainable, efficient, and profitable.

There are a number of sponsorship opportunities available for the above conferences. All rates and packages are the same for each event. Please see overleaf for our sponsorship options.
